38A

A diagram of a trapezoid with vertices labeled 37A and 37B. The trapezoid is oriented with its longer base at the bottom and its shorter base at the top. Vertex 37A is at the top-left corner, and vertex 37B is at the top-right corner. The left side is a vertical line segment, and the right side is a vertical line segment. The top and bottom sides are horizontal line segments, with the bottom side being longer than the top side.

36

Diagram of a hand with fingers labeled 35B and 35A.
