

- 1-Cladire var / Lime Building
- 2-Bazin de neutralizare / Neutralization Tank
- 3-Bazin de urgenta / Emergency Tank
- 4-Decantoare lamelare / Lamella Clarifiers
- 5-Camera debitmetre namol / Sludge Flowmeters Pit
- 6-Bazin tampon / Buffer Tank
- 7-Treapta biologica / Biological Area
- 8-Zona casetelor cu membrane / Membrane Cassette Area
- 9-Cladire principala de tratare / Main Treatment Building
- 10-Bazin apa tratata / Treated Water Tank
- 11-Camera debitmetru iesire / Effluent Flowmeter Chamber
- 12-Bazin Tampon Namol / Sludge Buffer Tank
- 13-Cladire deshidratate / Dewatering Building
- 14-Pavilion administrativ / Administrative Pavilion
- 15-Atelier / Workshop
- 16-Post TRAFU / Transformer Station
- 17-Bazin colectare drenaje / Drainage Collection Tank
- 18-Bazin apa de ploaie de la fabrica Purolite / Storm Water Tank from Purolite Factory
- 19-Bazin colectare ape menajere / Domestic Wastewater Tank
- 20-Camin apa pluviala / Storm Water Pit
- 21-Unitate tratare emisii 1 / Odor Control Unit 1
- 22-Unitate tratare emisii 2 / Odor Control Unit 2
- 23-Container dozare NaOH 1 / NaOH Dosing Container 1
- 24-Rezervoare stocare NaOH / NaOH Storage Tanks
- 25-Container dozare NaOH 2 / NaOH Dosing Container 2
- 26-Container monitorizare si control proces / Monitoring and Process Control Container
- 27-Camin transversal apa tehnologica pentru sistem dozare NaOH / Technologic Water Connection Channel for NaOH Dosing System
- 28-Camin transversal apa potabila SEAU / WWTP Potable Water Connection Channel

- Water line / Linia apei
- Process Air line / Linia aerului de proces
- Sludge line / Linia namolului
